Career Objective

To apply my technical skills in a dynamic organization, contribute to its success, and grow in a collaborative environment.

Professional Experience

MHCognition — Front-End Developer

Feb 2024 – May 2024

Trained as Full-Stack Developer, focused on front-end and mobile UI development.

- Developed responsive web applications using React.
- Integrated Django REST APIs for dynamic content rendering.
- Contributed to mobile UI development using React Native.
- Built Learning Management System (LMS) for student, teacher, and HOD collaboration.
- Developed role-based dashboards and real-time communication features.
- Internship Certificate:  [View Certificate](#)

Salesforce Virtual Internship — SmartBridge

Jan 2024 – Feb 2024

- Created CRM applications using Salesforce development tools.
- Built automation workflows with Process Builder.
- Developed custom solutions using Apex and Lightning Web Components.
- Earned Salesforce Internship Certificate.

Technical Skills

Languages: Python, Java, SQL

Frontend: React, HTML, CSS, Bootstrap

Backend: Django

Mobile: React Native

Tools: MS Word, PowerPoint

Education

Malla Reddy University, Hyderabad

2021 – 2025

B.Tech in Artificial Intelligence and Machine Learning

CGPA: 9.26/10

Projects

PollStart – Online Voting System

Django, React

Designed JWT-based authentication, secure polls, and implemented duplicate vote prevention.

FindCure – Drug Recommendation System

Machine Learning, Reinforcement Learning

Developed a drug recommendation system using custom datasets and optimized dosage predictions.

Botanic Shield – Plant Disease Detection

Deep Learning, Computer Vision

Built a CNN-based model with 89% accuracy for plant disease detection and integrated a real-time user interface.

Certifications

Cambridge English B2

AWS Cloud and Machine Learning

Coursera: Machine Learning, Database Management Systems, Python, Artificial Intelligence

Salesforce Internship Certificate

MHCognition Internship Certificate:  [View Certificate](#)

Achievements

- Ranked 4556 in TCS CodeVita global coding competition.
- Maintained over 90% attendance across all academic semesters.
